Far beyond the limits challenge the time  
Numbered and living through statistics  
Divine creation re-born generation  
The new millenium will bring a different race

Another pawn in the game  
Plugged into to see to feel to be  
A new anomaly our history is the same

Waste away  
By this hi-tech resurrestion  
Lead the away  
We're living constant modifications

On and on to progress reaching new heights  
The completion is now in process  
Our own creation recerse situation  
The new millenium will bring a different race

Another pawn in the game  
Plugged into to see to feel to be  
A new anomaly our history is the same

Waste away  
By hi-tech resurrection  
Lead the way  
We're living constant modern modifications

Victims once again  
Of our intelligence  
Foolish to believe  
That we are getting better
