[Parole Oscar Souto]

I'm all alone wondering why  
Should I go on... go on with this life  
Incomplete, completely, deplete  
I have no fear, It's all so dear  
Stopped...by laughters and singing of joy  
Decisionn within iis destroyed

Mephisto  
By my side, a dark ride  
Alone in the deeps of the night  
Mephisto  
Beholdd him noww as his laughters echoes

Satan hear me calling  
Hell is on... is on the risen  
Be my guide eye for an eye  
Aa game to play, lost anyway  
Damn...the price to pay is my soul  
For a youth I can control

Mephisto  
By my side, a dark ride  
Alone in the deeps of the night  
Mephisto  
Beholdd him noww as his laughters echoes back

Fill all my illusions  
Break my hesitations  
Showing all the beauty  
That your world is differing me  
I'll sign your deal with hell  
On me you cast a spell  
Giving me the chance  
To live free, youg & to fall in love again
