For all the years of wait  
For all the time of Waste  
Understand this  
It's never to late  
My destiny unfolds  
Got nothing else to hold  
Forget the past  
Present will work at last

Contortion  
Twisting my brain to become  
Something new  
Obsession  
Everything now is about what I do  
It's time to rise  
On my own two feet  
People who dare win

I'll suffer the consequences

The walls are closing in  
The vice is getting thin  
A time to change  
Before it's too late  
I'll be the one to blame  
If it all stays the same  
A time to choose  
All hell's breaking loose

Now is the time  
To take what is mine  
No looking back  
Heading for attack  
Living for my own sake  
My voice will be heard  
I was never a fake  
It gets on my nerves  
I don't give a fuck  
And I don't really care  
I will be responsible  
For all the things I'll say and do  
No more regrets

My own satisfaction  
Fight for my dreams  
A new resolution  
Despite what you think  
Give me what's mine  
A slice of the pie  
Arrival's not far  
Nothing will stop me 'till I die

Suffer the consequences  
I'll take back what's mine  
Suffer the consequences  
I'll take back my life
