Yeahhhâ€!

Girl you pop it like a toaster
Makin' me want to get closer
Baby I gotta get to know you
Got my heartbeat pumpin' strong

Use your powers of persuasion
Baby I'm here for the takin'
The way you work it is amazing
Baby you got it goin' on

So bad you need a timeout
Give me an Audi we can ride out
I'm ready for my try out
I hear you callin' my name

[I hear you callin' my name
I hear you callin' my name] x 4

Heyyyâ€!Yeahhhâ€!

Girl you drop it like an album (yeah)
Everyone's heading out to get one
Hope your single i'm a home run
Baby I'm goin', goin' gone

So won't you come over here and
Just let me take over and then
We'll start the night (over again)
We'll be rocking out till the dawn

So bad you need a timeout
Give me an Audi we can ride out
I'm ready for my try out
You'll never be the same

I'm ready to move you
Let's break all the rules
There's nothing that we wouldn't do
I have you callin' my name

[I hear you callin' my name
I hear you callin' my name] x 8

As far as my eyes can see
You should stay here and come kick it with me
I know the perfect place we can go
No need to stress i'll keep it on the low

I can hear you callin' my name (Anoop)
I wanna hear my name (Anoop)
Won't you do like DC and say my name (He says "for
me" after in the rehearsal version)

[I hear you callin' my name
I hear you callin' my name] x 3

I hear you callin' my name
