In the morning when you're kissing on me  
I get the feeling that you're thinking of someone  
else  
No need to say a thing. I know.

I never asked for you to settle for me  
Made believe that I could have you all to myself  
But I guess I was wrong, so wrong

If you really think that you'd be better off alone,  
Be my guest, here's my phone  
Tell him you and all your stuff will be out on the curb  
I'll remember you as another lesson learned cause

Chorus:

I don't need this love  
You lost my love  
Don't want your love  
Not like this

I don't need this love  
You lost my love  
Don't want your love  
Not like this  
Not like this  
Not like this

Every night when you come home to me  
Feeding me lines and telling me that I'm the only  
one  
Girl you know you can't lie to me, I know

I don't want to be a fool  
Watching everything you do  
But baby that ain't my cologne  
Or my number in your phone

So go on and run to him  
Cause now I'm through

If you really think that you'd be better off alone,

Be my guest, here's my phone  
Tell him you and all your stuff will be out on the curb  
I'll remember you as another lesson learned cause

Chorus

I really thought this thing had just begun  
Really thought that maybe you could be the one  
But I guess I was wrong, so wrong
