when we're alone in this room
all i think about is you
cos where i belong
boy lay me down
i like it how you give it to me nice and slow
you know what i want
you know what i need
you are everything
and i will never leave oh baby
we got nothing but time
boy lets make this last all night

can you feel my heartbeat when you're close to me
i can't live without you, your loving sets me free
can you feel my heartbeat listen carefully
now it's beating faster
can you feel my heartbeat, my heartbeat
can you feel my heartbeat
ca-ca-ca-ca-can you feel my..
can you feel my heartbeat listen carefully
now it's beating faster, faster, faster

i love the way you love me
feels like living in a dream
we can't go wrong
baby don't be scared
you can take me there
you know what i want
you know what i need
you are everything
and i will never leave oh baby
we got nothing but time
boy lets make this last all night

can you feel my heartbeat when you're close to me
i can't live without you, your loving sets me free
can you feel my heartbeat listen carefully
now it's beating faster
can you feel my heartbeat, my heartbeat
can you feel my heartbeat
ca-ca-ca-ca-can you feel my..

can you feel my heartbeat listen carefully
now it's beating faster, faster, faster

i can't control the way you make me feel
i don't ever wanna leave
and i know that
that you feel it to
when we're doing what we do
it's beating for you

can you feel my heartbeat when you're close to me
i can't live without you, your loving sets me free
can you feel my heartbeat listen carefully
now it's beating faster
can you feel my heartbeat, my heartbeat
can you feel my heartbeat
ca-ca-ca-ca-can you feel my..
can you feel my heartbeat listen carefully
now it's beating faster, faster, faster
