Now what do you wana do  
Ah, yea come on, Another Level

#### Verse 1

Why you wana come around and step upon my scene  
You tried to playa hate, but you aint gon' play me  
What you looking for  
Something to floor  
The talent that you see  
Get a hold of yourself  
Find something else  
Stop tryna be me

#### Bridge

Why would you think you could walk in my shoes  
You can take inspiration but don't break the rules

#### Chorus

Now let me make this real clear  
I don't know what you could want from me  
I'm asking you just let me be  
There's nothing left to see here  
Can't you see there's something wrong  
I'm telling you to move along

#### Verse 2

Everybody's talking like they best friends with me  
Just because they see me on the D-V-D  
On the radio  
I'm good to go  
When I'm home alone  
Like to take it slow  
Sit back relax  
Let my interests grown  
That's just the way I flow

#### Bridge

#### Chorus

#### Verse 3 (Dane)

I'm just an ordinary guy  
With tendencies to be shy  
Why you think i'm so cool  
Don't you think, that i could be  
Just like you  
I'm just me

Chorus

(dane)  
Sitting in the club  
I know you know my name  
You step to me  
Like i'm the one to blame  
You don't know  
I'm just the same  
As you and him, and his friend and his woman (o yeah)

Chorus
