

Another Breath "Surfacing"

Visit "[Surfacing](#)" on MotoLyrics.com

It's 2 AM and I don't give a fuck if I ever see the sun
again
How long has it been since I could find the words to say
exactly what I meant
What do I even mean anymore? I can't remember the
last time I've been able to look myself in the face and
explain my thoughts or my actions
Air escapes now lacking passion
Speak for days without saying a word

But my blood still boils beneath my skin to be put down
by apathy
In time I will count my failures in terms of closets
boarded shut
These sealed up boxes are piling up
This poetry buries itself inside of me for fear of being
understood
These pictures cut once
Sting until they are done
Never again
