I remember when you were lost and your soul was cold,  
and you cried out, why God must you need to hurt me  
so, and my finger grazed your cheek and wiped your  
tears, and i showed you how God has conquered all my  
fears. his mercy, and all his grace.

he'll wash your sins away. don't take him for granted,  
and your soul will be free. free from all this pain, and i  
am falling on my knees, when all i see is sadness and i  
needed answer's no one heard me except God. that's  
why i give him all my love.

Don't get me wrong, im a sinner and i admit to it  
every day, but i try to keep strong, cause my strife in  
life is gonna take ever so long. he'll wash your sins  
away.

You can't find clarity in assurance cause my life is  
saved but yet its torn from evil, i will live, in the light  
and all my sins will be torn from this sad soul.

so i leave you, with all my positive reflections, and  
that's don't stray cause he'll always have a place for  
you. just open up your heart.

you can't find clarity in assurance cause my life is  
saved from suffering
