No lookin' back you try, to reassure my hearts
goodbye, no lookin' back you try to reconstruct my
deep demise.

Just play, you play the role of the pisces, the dreams of
ravaging feelings that aren't true to you, it's role
play, it's all the pain that's been building up, and it's
about to explode through me coursing sick veins.

Sometimes they say, that the moon, is so busy with the
new souls of the world, it disappears, from the sky,
that's why we have those moon less nights of the
world still passing us by.

So i wrote a list, once you learn to die, you learn to live,
a spiritual quest, the answers of enlightenment to keep
this scared soul at rest.

Sometimes they say, that the moon, is so busy with the
new souls of the world, it disappears, from the sky,
that's why we have those moon less nights of the dark
ages still passing us by.

And let other people live small lives, but not yourselves.

No lookin' back you try, to reconstruct my hearts
goodbye, No lookin' back you try to reconstruct my
deep demise.

and let your body feel

and i can't sleep.
and i can't dream.
and i can't be without you.
