You ask is my love for you  
All I can say is how I feel  
Deeply, deeply as can be

You seem to need to know  
How I would hurt if you would go  
Deeply, down inside of me

Is our love forever  
Can anyone ever know  
For all I remember  
I never have felt love so  
So deeply, deeply

Our love is made by two  
And I can't make it without you  
Deeply, I feel so deeply  
For our love

Is our love forever  
Can anyone ever know  
For all I remember  
I never have felt love so

So deeply, deeply, deeply  
Deeply (deeply) for our love
