I've got to get up ma, and get in my place  
I've got to work out ma, and sort out my face  
I've got all 'zines telling me what to eat  
And I'm tired of being told what to wear on my feet  
And I don't have the time to get all worked up about the  
year on the street

And it's not my fault, I can find my way, yeah it's not my  
fault  
There goes another day, I've been here too long  
Do I have to change into what it takes, yeah make it  
No.1

I feel out of flavour, I don't look like a picture  
You think I'm a loser, but I can see through you  
You're running around like you're running the country  
I know that you think that you've got one on me  
Ear to the ground like a boy about town  
Can't get nothing to fit me!

And it's not my fault, I can find my way, yeah it's not my  
fault  
There goes another day, I've been here too long  
Do I have to change in to what it takes, yeah make it

Got to call for an old friend who used to be real close  
Said he couldn't go on the American way  
Sold his house, sold his car  
Bought a ticket to the West coast  
Now he gives him 'em a stand-up routine in L.A.

yeah but it's not my fault, I can find my way, yeah it's  
not my fault  
Got to look out for an old friend who used to be real  
close  
Said it couldn't go on the American way  
Sold his house, sold his car  
Bought a ticket to the West coast
