Tell me how long I've been waiting for  
a wake-up call late in the evening  
Tell me where I've been so many times  
Close to the distance here in my sleeping room  
ÃfÂçâ, -Ã,Â!

ÃfÂçâ, -Ã,Â! I'm freezing ÃfÂçâ, -Ã,Â! here

Tell me why the ghosts always frighten me  
Back to the caves of my childhood I ever run

ÃfÂçâ, -Ã,Â! but still I'm freezing ÃfÂçâ, -Ã,Â!

Wake me up in the evening  
When landscapes are covered with a dark blue film  
Wake me up in the evening  
When noises scream and shivers rise

Moving little nightmares  
Rumours of shivering cries  
and a minor road swirling and creeping towards its  
slow end!
