### "As I Die"

My hands in the open wound  
The knife clutches near  
The blood of my veins spread out  
My flesh become soiled

This desperate act of loss  
The pain of knowing why  
My mind slips into a blur  
Upcoming questions... as I die

Forever in search of the truth  
I find myself puzzled

Don't you feel the urge  
The passionate flow  
The endless collision  
Of purity and evil

Since we're of the flesh  
We are to realize  
That mankind must end  
If purity will prevail

Forever in search of the truth  
I find myself puzzled  
... as I die

Don't you feel the urge  
The passionate flow  
The endless collision  
Of purity and evil

Since we're of the flesh  
We are to realize  
That mankind must end  
If purity will prevail

Death is my goal / Death, set me free  
In my living hell, I can no longer be  
Please bring me back home  
Where I can be free
