I call sleep. I can't think
I don't know what's wrong with me
I see you. within me
Or am I just imagining
A vision of how we could have been now
But I only see me somehow
I m falling so far
What we're leaving behind is in the back of my mind
Cos I'm addicted to you

[Chorus:]

Lets take it right from the start
Can't bare us to be apart no more
Don't walk away from me now
Cant lose the love that I found
I'll promise you no more tears, or fears
Just give me a chance to show you now
How my love can change your heart

Don't you see me
Why can't it be like it used to be
A light shines in my night
Its the promise of everything that we could've been
Its come apart at the seams
I'm living inside my head, I don t care what s said
Cos you've opened my heart
Don't you tear me apart
Cos I'm addicted to you

[Chorus]

Can't you remember baby all the love we shared
It's hurting me to think that you re no longer here
I couldn't keep you near me
I sat down and cleared my mind
And told myself it's just a matter of time
Yeah
Cos I'm addicted to you

[Chorus]

Cos I m addicted to you
