Somewhere inside my heart, I know I will find you
Though you will never know the way I feel
The secret I keep from you is burning inside me
How much longer can my love hide
When I look at you, with that other man
How I'd wish you'd understand

[Chorus:]

Here I go again
I keep making the same mistakes
Here I go again
Why do I put myself through this pain
Isn't it a shame
You don't feel this way
No one else to blame
Here I go again

I'm used to imagining you here beside me
Though I am all alone I hear your words whisper
My friends always ask me, what's on my mind
If only they knew, I wouldn't have to lie
When I look at you, with that other man
How I'd wish you'd understand

[Chorus]

Always only just beyond my reach
And good sense it tells me this could never be
The heart is not for thinking
And I'm slipping in too deep

[Chorus]
