I waited by the phone  
Expecting a call from you  
Let's talk it over  
But you never knew  
I want to hear you say  
How you trust in me  
And I sing today  
Well let's wait and see  
If you only existed  
Only existed  
I'd let you see the best of me  
If you only existed  
I made a picture of you  
Inside my head  
We'd be perfect together  
Yet I'm lonely and cold in bed  
I want to feel you near  
Smell the skin you're in

I want to feel you near me  
But you've never been  
If you only existed  
Only existed  
I'd let you see the best of me  
If you only existed  
I mediate  
Ease the pain  
Always  
Always  
Mediate  
I wait  
Always  
Always  
Mediate  
Ease the pain  
Mediate  
Always  
Mediate  
Ease the pain  
Mediate  
Always  
I wish you existed

I wish you existed  
I wish you existed  
Wish you existed
