Time has Been cruel to me lately
Its been playing tricks on me again
It hides every piece of the puzzle
I find them but it's too late by then
I hear your heart has been mending
The truth is the hardest thing to take and I miss you
today

[Chorus:]

If only I could see you now
If only you could be here in my arms
How can you find someone
But lose the one thing you wanted
Wanted the most
And all these walls are built so high

I will climb
(If only I could see you, If only I could see you now)
I will climb
(If only I could see you, If only I could see you now)

Blinded by all of the bright lights
Still I can't help see your face
Where are you now my baby
You are the one thing I can't replace
I hear your doin much better
I'm lying here lonely, make this right
I miss you tonight

[Chorus]

Can't change the past, can't take it back
Can't stop the rain from falling down
I tried so hard but time's run out

[Chorus]
