I can't breathe inside this mask
I can't love with all my heart
But I don't wanna hurt no one
When I look into those eyes
It's someone else's face I see
And I know that this is wrong
I slip my disguise when I sleep, close my eyes
You'll be waiting right there in my dreams

[Chorus:]

I wanna runaway
I wanna fly to you
I don't wanna live out a lie
But that's all I can do
So I breathe in each kiss
I wanna runaway
I wanna just escape
As sure as the night hides our love
Soon the dawn must break
And I will wake
You'll be gone
Oh oh, runaway
Oh oh, I wanna runaway

When you walk into the room
You're the only face I see
And it's time that I was gone
Cos the damage can't be done
Or two worlds would fall apart
And in truth I am not that strong
I slip my disguise when I sleep, close my eyes
You'll be waiting right there in my dreams

[Chorus]

So I know, I must bury this inside
Where the world would never see
That my heart can't be free

[Chorus]

I can't breathe inside this mask
I can't love with all my heart
But I don't wanna hurt no one
