Sentimental  
In better days  
Those games we played  
I hope she knows the side of you  
That you never showed  
You had mine and I had yours  
In way too deep  
To be taking scores  
Do you get a lot  
From my pictures you got  
But it's over now  
It's over now  
I don't hurt no more  
I don't hurt  
No more  
But it's better now  
You made mistakes  
I made them too  
And just for you  
I hope she knows

That lovin' you is hard to do  
And the things I did  
Does she do them too  
Could she handle your secrets  
Like I do  
The letters I gave  
For nighttime you'll save  
But it's over now  
It's over now  
I don't hurt no more  
I don't hurt  
No more  
But it's better now  
But it's better now  
I don't hurt no more  
I don't hurt  
No more  
But it's better now
