You're old enough to be my mother
but i wanna do ya so does my brother(Thats me!)
Me and my friends have all your pictures
from mens magazines dirty ones like Maxim

I wanna make a suit
out of your skin and wear it
and walk around kareokee to the loco-motion

Sayin you and me Kylie
aint nothin but mammals
so lets do it like they do on the discovery Channel

Sayin, You and ME Kylie
aint nothin but mammals
so lets do it like they do on the discovery channel

Sayin I cant get you out of my head..
I've been stalkin you for 42 days
(Robot Speed)Said I Cant get you out of my head
This restraining orders up in a day(si si si si si si)
