Bright lights, city lights, stage lights
That's all you re seeing
Tabloids, magazines get to me
You almost start believing
So many faces and places
Your pictures always taken
No words I say are right or wrong
I always seem to get mistaken
Look at me
Nothing is changing you'll see
This is what I wanna be

[Chorus:]

I wanna live
I wanna breathe
I wanna show you what I'm all about
I wanna hold you when I'm feeling down
I want you to see

Mirror mirror on the wall
I won't let you deceive me
Don't get me wrong
I'm not as strong as what you're believing
Misunderstood, don't judge the book
If you're not gonna read it
Take a closer look at me
And tell me what it is that you're seeing
Look at me
Nothing is changing you'll see
This is what I wanna be

[Chorus]

Feel so right, feel so wrong
Sometimes I can't go on
Feel so weak, feel so strong
It's you that I need

[Chorus]
