Well I caught a demon in a mouse trap
one day behind the house
It said "please let me free I'll do anything"
We came to an agreement, made an exchange your
freedom for my name.
Then he began, he began to sing.
The Devil's song all won't be long.
To finally see the evil you've become.
The Devil cries, all through the night.
I don't think there's a reason why.
The Devil's song won't be long.
To finally see the evil you've become.
The Devil cries, all through the night.
This feels like, a nightmare.
Well I was always told that your a liar and not to trust,
but my name still means nothing and we're still,
We're all in the same spot x4
We're all in the same spot
(This feels like a nightmare)x12
This feels like a nightmare
We're all there, we're all the same
