Last night I fell in love

Alright, alright, yea ummmm

Yea,

It takes control of me when I see love in your eyes

Your like a spring time breezeU send chills through me

A natural high

It's just the way you've been my best friend right by my side

And theirs no one else like u baby last night I realized that's why

[Chorus]

Last night I fell in lovem with u

(See I fell in love with u, again and again yea)

All over again, it's true, I fell in love with u

It was unbelievable, when u touched me so, tenderly

Your kiss was so sweet n though u will never know

It was like a dream

I hope that it will never end

Please do it again 'cause it feels so right

I need someone to pinch me please

'cause I can't believe it happened in one night

[Chorus]

[Dolo Pichino]

Last night it feeld just like (our very first time)

When u and I first made love (On that first night

It would be only right if we just lived our life (Side by side)

'cause last night (Last night, last night) I feel in love with u again like t first time

[Chorus]
