(feat. LaToya Williams)

[Verse 1]

Now we've been through too much together  
And that's separate us from the rest  
Now we are approaching up on stormy weather  
Let's see what our love is made of

I hate you were crying last night  
Said I should've been by your side  
Girl, please, don't you leave me  
And, girl, don't you say goodbye

[Chorus]

Now, we've been through too much together  
And we're approaching stormy weather  
But girl, you're my first love  
And no matter what the people say  
I'm gonna love you anyway  
Girl, you're my first love

[Verse 2]

Boy, I swear I think you're sacred  
And I'm so thankful that you're live  
If I could take back all of the sorrow  
Then I'd, I'd replace it with a kids

You're the air that I breathe  
The perfect one for me  
And baby I, I refuse to let you go  
And I refuse to let you leave

[Chorus]

Now, we've been through too much together  
And we're approaching stormy weather  
But boy, you're my first love  
And no matter what the people  
Say I'm gonna love you anyway  
Boy, you're my first love

Now, we've been through too much together

And we're approaching stormy weather  
You're my first love  
No matter what the people say (no matter)  
I'm gonna love you anyway  
You're my first love  
My first love

[Ad Lib]

I will not let you go away  
I will not let you go away  
I will not let you go away  
I will not let you go away

You're my first love  
You're my first love  
You're my baby  
You're my baby

I love you  
My first love
