You must be safe when you fall in love  
Equal in the time you and I share together  
Compromise, try and see eye to eye  
Cause love's not blind, it knows when you care  
Always kiss your lady, tell her that you love her, pray  
and make a baby, that was made to love  
Show her she's important, bring flowers for her, and  
build on the truth (build on the truth)

Chorus:

If you take a little walk with me (walk with me) Girl I'll  
lead you to the truth (girl, I'll lead you, lead you) And if  
you never give up on me (give up on me) Girl, I'll share  
it all with you (Girl, I'll share it all) Show directions when  
I've lost my way (lost my way) I'll be around to stay (I'll  
be around) to show you the truth, truth

If you trust me, I'll make sure to build you up, through  
all your dreams  
You and I will go together  
Forget your past, the love you had that never last  
God knew your heart and I was made for you  
Girl, I won't mistreat you, never  
Always make love to you  
Go to church together, even get baptised too  
We can read the bible (read the bible)  
Play mom father  
This marriage is true (ohh)

Chorus:

If you take a little walk with me (walk with me) Girl I'll  
lead you to the truth (girl, I'll lead you, lead you) And if  
you never give up on me (give up on me) Girl, I'll share  
it all with you (Girl, I'll share it all) Show directions when  
I've lost my way (lost my way) I'll be around to stay (I'll  
be around) to show you the truth, truth (x2)
