[Intro - Anthony Hamilton]

When I wake up in the mornin love
And the sunlight hurts my eyes
Then somethin with out warnin love
Bears heavy on my mind

[Twista]

Lets get them dollars, lets get this money

[Verse 1 - Twista]

I keep my mind on my money, money on my mind
I got my finger on tha trigga, stayin on tha grind
And when I wake up in the mornin, I got's to hit a lick
Saw the 2003 Navi, on Sprees wit a kit
Soon as my eyes see tha sunshine
My thoughts is jukin the block, and dodgin the one time
Peep how we movin the rocks and wit pounds of dro
before I double my shit
I can serve sixteen ounces for six and get back 96
A killa for tha skrilla, nigga, best not be stalkin
I got's to get them bigger, figgaz, fuck what you talkin
I represent them niggaz ballin wit jewellery full of
zickels
Down to the niggaz chasin million, their dreams servin
nickels
And I know, one day, I'm gon' come up
And when you see me, don't hate, that I rolled up
Get paid whether you legit when you slang, or tippin off
'cane
Until I take a dip in the Range, I'm flippin them thangs
Gotta get that money man

[Chorus - Anthony Hamilton]

It's a lovely day, just got paid
Stack it up, be on my way
It's lovely day, lovely day, lovely dayyy
It's a lovely day, just got paid
Stack it up, be on my way
Lovely day, lovely day, lovely dayyy

[Verse 2 - Twista]

A hustler's definition, is a hustler for scratch
You serve a motherfucker, you serve him for that
I'm makin money off of verses when I spit 'em on tracks
And if I ain't sellin no records, I'm servin them packs
I got a, clip full of hollows, money makin's my motto
Semi-auto and Marlboros in the bottle, till I hit the lotto
Wit dreams of ownin a records label, flippin words
My nigga flippin buildin's better than he was flippin
birds
I got the, mentality and tha motive I'm on a mission
For the money, you can get it too, it's all about yo
ambition
Play yo position, provide the plans, and follow
procedures
In the 600, blunted, wit a pocket full of hundreds and
Visas
Love, when I get that dust, hit 'em up, re-cock then I get
back up
Love, when I get that gig, get a crib, get a car when tha
grip stack up
It's still in the evenin if I'm sleepin paper problems
Soon as I get up it's just another day, another dollar
Gotta get that money man

[Chorus - Anthony Hamilton]

It's a lovely day, just got paid
Stack it up, be on my way
Lovely day, lovely day, lovely dayyy
It's a lovely day, just got paid
Stack it up, be on my way
Lovely day, lovely day, lovely dayyy

[Verse 3 - Twista]

Got love for the corporate playas that's ballin rollin jags
Got love for the thug niggaz who get it on tha Ave
Love for those, who can make a mill and sit back and
laugh
And love for the fine strippers who get it poppin ass
Love for the single parents that's workin through the
struggle
Love for those who gotta make a livin movin muscle
Love for those who gotta watch the haters rollin
bubbles
Causin trouble every time a young brotha try to hustle
And if I can't legally make or not
Then I gotta get right back on the block
And if it no work we do a stick-up and whip-up a
concoction
Might leave yo face down in the dirt because hurtin's
not an option
Gotta get that money man

[Chorus - Anthony Hamilton]
It's a lovely day, just got paid
Stack it up, be on my way
Lovely day, lovely day, lovely dayyy
It's a lovely day, just got paid
Stack it up, be on my way
Lovely day, lovely day, lovely dayyy

[Outro - Anthony Hamilton]
When I wake up in the mornin love
And the sunlight hurts my eyes
Somethin without warnin love
Bears heavy on my mind

[Chorus - Anthony Hamilton (Fading)]
It's a lovely day, just got paid
Stack it up, be on my way
Lovely day, lovely day, lovely dayyy
It's a lovely day, just got paid
Stack it up, be on my way
Lovely day, lovely day, lovely dayyy
