Last night I fell in love
Alright, alright, yea

It takes control of me
When I see love in your eyes
Your like a spring time breeze
You send chills through me, a natural high

It's just the way you've been
My best friend, right by my side
And there's no one else like you baby
Last night I realized, that's why

Last night I fell in love with you
See I fell in love with you, again and again, yea
All over again, it's true, I fell in love with you

It was unbelievable, when you touched me so, tenderly
Your kiss was so sweet and though, you will never know
It was like a dream

I hope that it will never end
Please do it again, 'cuz it feels so right
I need someone to pinch me please
'Cuz I can't believe it happened in one night

Last night I fell in love with you
I fell in love with you all over again
All over again, it's true, I fell in love with you

Last night it feel just like, our very first time
When you and I first made love, on that first night
It would be only right if we just lived our life, side by side
'Cuz last night I fell in love with you again like the first time

Last night I fell in love with you
All over again, it's true, I fell in love with you

Last night I fell in love with you

All over again, it's true, I fell in love with you
Last night I fell in love with you
All over again
