

Autumn Leaves "Critical Madness"

Visit "[Critical Madness](#)" on MotoLyrics.com

Mind snapped thoughts of death
Demented voices in his head
Chainsaw victim covered in blood
Severed body left for dead

Bloody killing spree
Brain fried eternally
Psychotic mission of death
Critical madness
Self inflicted pain
Slicing his face to shreds
Brutal blow to the face
Sentenced to death
By a swing of a mace
Blown out brains with a grenade
Hallucinating brain decayed

Violent breakdown
Truth of dare
Cut your flesh to the bone
No hope for a normal life

Insane asylum is your home
