Silent smiles are waiting
At the edge
Of this lonely...
Lonely time...
You can't see them...

Silent smiles are mystery
Things that live
Right there
Where we are...
They're always there
They're the smiles of our fate

Like our face...
Hey, hey, hey
Shining around...
They're the smiles of our fate
Like our face...
Don't close your eyes...

Our way was made before this world
I dream sometimes to see the truth
Of life...
Of this lonely life...
A silent smile...

A silent smile...

Silent smiles are here tonight
They're gonna shine right
On your face...
And you will see...

They're the smiles of our fate
Like our face...
Hey, hey, hey
Shining around...

This time you'll see the way
Don't miss it now
It's your own way
So go...

Don't close your eyes tonight

A silent smile...

Our way was made before this world
I dream sometimes to see the truth
Of life...
Of this lonely life...

Of life...
Of this lonely life...
A silent smile...

A silent smile...
