Why does this wonderous God above
Create on earth this perverted love
As this child enters the world the trouble begins
Cos "Mr Hardman's" gonna make it pay for his sins
Why does this child live in fear
The night when "Mr Hardman's" drink too much beer

Strange love living in fear
Rejected, abused by his parents dear
Rejected & abused, strange loves, fear

Well the kid needs putting in it's place
So it's left with a scar upon it's face
The kid obstructs the couples plans
It's an unwanted child they have on their hands
So between them they think they have the right
To destroy something that can't put up a fight

Strange love living in fear
Rejected, abused by his parents dear
Rejected & abused, strange loves, fear
Something of beauty, mechanically perfect
They have no feelings, so tears have no effect
Look at a baby, it represents something clean and pure
??? forced to a cure
How can people be so sick, how can people be so blind
Tormented, perverted, twisted mind

Strange love living in fear
Rejected, abused by his parents dear
Rejected & abused, strange loves, fear

How could they put a life to waste
I'd love a minute with a beast, I'd give him a taste
This child needs love & affection
It shouldn't need so much protection
From fools who indulge in thoughtless sex not love
We need help from this so called God above

Strange love living in fear
Rejected, abused by his parents dear
Rejected & abused, strange loves, fear
