See how they run  
With their backs  
Against the wall  
They'll never escape  
Known by the law

They must not live  
This life of crime  
They've got  
They need help  
They must have forgot

See how they run (run)  
See how they run (run)  
See how they run (run)  
See how they run (run)

See how they run  
With their dreams  
Of freedom  
They'll never escape  
Without achievement

Nothing will happend  
If they gave in  
But it's too late  
For most of them

See how they run (run)  
See how they run (run)  
See how they run (run)  
See how they run (run)

I've heard it said  
That england's  
Roads is bliss  
Useless actions  
And waisted breath

No thoughts for others  
And no regrets  
Empty lives

Just silhouettes

See how they run (run)

See how they run (run)

See how they run (run)

See how they run (run)
