To stay at home is not for me
I'm not the fool to watch T.V.
And let the world revolve around me
I'd like to know what's going on
Everybody's out to con
Just want to make my own decision

Something must be done
So we can live to see tomorrow
Something must be done
Or beg, steal or have to borrow

Don't you listen to the news
By the time it gets to you
Who knows where it might have been
And who am I to tell you this
Just a number on a list
That's why I'm so pissed
Something must be done right now...
