"X" on your hand to show where you stand
You have fear for my drugs and beer
You built up a wall want to be in control
But you're no punk if you don't get drunk

Straight edge there ain't no hope if you don't do dope
Straight edge you're not a punk if you don't get drunk

Always preaching telling me what I do wrong
"Stay clean live in reality and we'll be strong"
Strong in what? No beer and no sex?
Don't bother me with that bullshit not that politically
correct

So you stay clean day and night
And you don't drink and you don't fight
No sex for you, being sober will do
Glad I'm not you and you're not me
I'll live in my own reality
