For all the promises I broke to you
I can't collect the pieces
...and I don't want you to see me again
I could dream you never left before

Your next to me but far away
In the crossing of these paths of sorrow
...and I'm a little less than broken

This time will be forever (I'm falling down)
This time we'll be together
My love for you cannot die
Our wounds will bleed together (I'm falling down)
This time we'll be together
My love for you cannot die

So won't you write me letters
On your tattered dreams
I'd catch every tear that you ever shed for me
I'm dying
Trapped inside a moment

This time will be forever (I'm falling down)
This time we'll be together
My love for you cannot die
Our wounds will bleed together (I'm falling down)
This time we'll be together
My love for you can not die

Can not die
Can not die
Can not die

(solo)

This time will be forever (I'm falling down)
This time we'll be together
My love for you cannot die
Our wounds will bleed together (I'm falling down)
This time we'll be together
My love for you can not die

This time will be forever (I'm falling down)
This time we'll be together
My love for you cannot die
Our wounds will bleed together (I'm falling down)
This time we'll be together
My love for you can not die
