Our demons are on display
Be damned these eyes have seen
You can't cure a poisoned soul
Can't fix an addict gene

Like a vulture to a corpse
Like a convict to a chain
Among the harlots and the whores
"Don't fear the dark!", she said
Fear what it wifes
In every trace of malice
That filthy whore resides

Between her legs lies man's infection
St. Peter closed the gates of heaven
Welcome to Babylon 2007
Empathy beats in our hearts no more
So different looks your paradise
When birthed by Satan's whore

Rape
Souls we'll rape
Defy him
Shapes
Profane shapes
Deny him
In this heart I give to you
My bleeding virtue
My life in vain

We're all dead inside (trespass against me)
We're all dead inside (..and by god, I'll catch you)

In this heart I give to you
My bleeding virtue
My life in vain

..We're all dead inside..
