I'm searching for the answers  
None are written in the sky  
Through all the hurt and pain of my life  
All I ever felt like

I was dying for a reason  
Yet the darkness left me blind  
Rotting with the passing seasons  
These times they uncertain us

Tyrant of the individual  
Beckoned by the lepers smile  
We torn our eyes to an eternal sky

My wounds were covered up by pride  
yet time always wins  
I fear the emptiness  
The misery haunts me  
I remember holding on to anything you gave  
Once again, made a liar  
Twisting the knife in my heart  
Your choking my breath  
Defend unto me

(solo)

Old man  
Weak and frail  
Dying under newborn skies  
They'll sing your requiem  
Legacy of wasted time

I remember hate in your eyes  
Your choking my breath  
Wounds cover my pride  
Filling my emptiness  
Misery haunts me  
You fail me  
Final Requiem

My wounds were covered up by pride

yet time always wins  
I fear the emptiness  
The misery haunts me  
I remember holding on to anything you gave  
Once again, made a liar  
Twisting the knife in my heart  
Your choking my breath  
Defend unto me
