Welcome, the prince of a royal family
We accept your heritage of carnage and all of the dirty
dealings
Heir to a throne, by all means, necessary
All hail to the thieves of democracy

Take some action and reclaim
That which at once, we held in the palms of our hands
Overthrow the incompetent

Consider the source, off with the serpent's head
Rape our traditions and values as they are left for dead
Victimizing demons while demonizing victims
Look past the lie

Divide, conquer, pillage, destroy

First on the agenda, fulfill the patriarch's revenge
And reeking havoc upon our land
Let me just ask one question
Whose children did you slaughter before your rest
today?

Divide, conquer, pillage, destroy
Divide, conquer, pillage, destroy

Take some action and reclaim
That which at once, we held in our hands
Overthrow the incompetent

Consider the source, off with the serpent's head, off
with the serpent's head
Rape our traditions and values as they are left for dead
Victimizing demons while demonizing victims
Look past the lie, look past the lie

Rape our traditions and values as they are left for dead
Victimizing demons while demonizing victims

Look past the lie, look past the lie
Look past the lie, look past the lie
