Unleash these chains  
You've bound me in  
The blood thirsty spirits  
Seek me once again  
I feel them in the winds  
Like a nimbus they sail  
Towards me and I choose  
And I choose to resurrect  
And I choose to live again

Follow my thoughts  
I'll take you there  
Past the restless shadows of the dead  
To the grey mourning kingdom  
Like a nimbus they sail  
Towards me and I choose  
And I choose to resurrect  
And I choose to live again

Darkness reigns this landmark  
Never my world would let it go  
For my friend, let it go  
We are in it centuries of cold  
For my pain that burns  
Everytime we're into no mean

To get inside this widows coven  
You got to know there will be no question  
Long life but die tonight  
It's the grey mourning kingdom  
Why run it's the winter divine  
Would you pray on my dying kingdom  
Thy suffer always with thee  
Inside this rebel reborn

Everytime one at a time  
Time and time, running one at a time  
Running to be the shine tonight  
I am the shine for you

Oh my desire, burning desire  
Let them die, die and lie

Burning mass, let them die  
Never teach on my desire

The reaper rise  
The veil lies beside  
As far horror goes  
This is my demise

Darkness reigns, the lands sanctity raped long before  
Just as far this vengeance goes  
They'll fail till they dethrone

These tales untold  
These tales unspoken  
Secrets never unfold

Darkness reigns, the land was burned long before  
Cursed by those immortals, the city of dark  
Where now I belong  
This'll be the end of all  
By the time they'll build upon their kingdom  
Forlorn heart  
Grey mourning kingdom  
Suffer my pain  
Grey mourning kingdom  
Forever dark, blooded all desire
