The soul lives on beyond this life will you ascend into  
the light  
Or be consumed by nothingness  
Or cast into the black  
For as above is so below and only one will take your  
soul

I've been to the grave  
I've seen my life end  
Of my own free will  
Death by my own hand my blood has been shed

My soul has been damned  
My spirit condemned  
My sin I repent

With broken heart and broken mind  
I took my life before it's time  
For one must die to rest in peace  
I tried to put my mind at ease  
I never thought my suffering would last for all eternity

The soul lives on beyond this life will you ascend into  
the light  
Or be consumed by nothingness  
Or feel the flames of hell fire

I've traveled afar to the ends of the earth  
I watch from afar, in shadows I lurk

For every death, a life is born  
A soul is sent, a soul returns

My life on earth a living hell  
A pain I know too much, too well

My mortal soul is in despair  
A punishment I cannot bear  
Forsaken by God, exiled to the land of lost souls  
Into the unknown, tortured spirit in limbo, I roam

Almighty God! All merciful, please hear my cry

He listens not, my plea for forgiveness denied  
Thou hast been given life  
Thou shalt not taketh away!

My absence of faith  
My wings will not fly  
My soul will not rest

A paradise awaits the saved the promise kept to thee  
of faith  
Lived by the word, receive the son  
Thy kingdom come, thy will be done  
Deliverance, divine wings of rapture rejoice

The angels fly to the light  
They're guided by voice  
I'm left behind in anguish  
I mourn my own death

Forevermore,  
Unborn dying again  
And again, dying again, dying for eternal life
