#### Intro

ohh...um huh  
oh..oh..Ooo...oh  
girl...oh yea...  
girl...

#### verse

say I'm tired of these games the  
going up up and down and  
round and round again lady(Lady)

now you tell me am I crazy or am I dumb  
to hold on to this merry go round of love

but It's real this time  
say I made up my mind  
when I said that It's over(Over)

and I know that you've that line before  
but I know that you know It's real so real

#### chorus

and I swear to god you've changed my life  
but girl you've changed and so have I  
we've tried and tried and tried some more  
but baby what are we trying for

when It's over, It's over  
when It's over, It's over  
girl when It's over, It's over  
It's over

#### verse

and I know it might seem strange cause  
this time I aint wondering why It's me and not you(and  
not you)  
but instead I'm thinking of a future that's filled  
with love for me and not you

but It's real this time  
say I made up my mind

when I said that It's over girl(Over)

and I know that you've that line before  
but baby I know that you know It's real so real

chorus

and I swear to god you've changed my life  
but girl you've changed and so have I  
we've tried and tried and tried some more  
but baby what are we trying for

when It's over, It's over  
when It's over, It's over  
girl when It's over, It's over  
It's over

bridge

see in the beginning it was all good  
and in the beginning it was all cool  
cause nothing really mattered  
unless it was about me and you but(you know what)

I never really cared to say to much(and you what else I)  
I never really cared to pray to much  
but I, say I wish I did

chorus

and I swear to god you've changed my life  
but girl you've changed and so have I  
we've tried and tried and tried some more  
but baby what are we trying for

when It's over, It's over  
when It's over, It's over  
girl when It's over, It's over  
but baby what are we trying for

baby what are we trying for  
when It's over, what are we trying for  
when It's over, It's over  
It's over
