There's kepone in the river  
But the river's still  
Flowing east  
Ethyl dozed the planet  
In an attempt to keep  
The downtown clean  
Still it's a beautiful, beautiful, beautiful day  
And the sun is still shining, shining, shining, shining  
OVER THE JAMES  
Oregon Hill is at end time  
VCU crept up and lit the torch  
West ave. honkeys don't forget  
That trains still run north  
Still it's a beautiful, beautiful, beautiful day  
And the sun is still shining, shining, shining, shining  
OVER THE JAMES  
Third per-capita  
Third per-capita yeah  
Third per-capita  
Next year Number one  
it's a beautiful, beautiful, beautiful day  
And the sun is still shining, shining, shining, shining  
OVER THE JAMES
