I, I only see em' on the late night creep  
And I, fuck her good and never fall asleep  
Cause I, I'm just a big ol' pimp I run, so deep  
And its alright, she opened up cause I don't have the  
key  
(Take your clothes of, BIATCH, take your clothes off) la-  
da-da-la...  
(Take your clothes of, BIATCH, take your clothes off)  
(Take your clothes of, BIATCH, take your clothes off) la-  
da-da-la...  
(Take your clothes of, BIATCH, take your clothes off)

[Murder One]

Girl, I like the way you shake that thang  
Get it girl, make that change  
Like the way you pop, drop, stop, say my name  
Girl I ain't bout' playin', brown skin with a bow-leg  
Head cross on fo'-head, five-eight with her shoes on  
She said "I want what you want", now I'm at her home  
and I'm fuckin on her futon  
Like girl let's do some'n, I ain't gone cum you cum  
Homegirl got a true monkey, monkey wanna call that  
two-some  
Come through, with henny and coke, plenty of smoke,  
plenty of the folks just with me  
We ball out pretty, we told on twentie's, we fall out  
shitty  
So if y'all not with me, y'all see me mob with two ho's  
Y'all see em' slob on my knob, mobbin' my bob  
Y'all drivin' too close

[Too Short]

I know you from Chi-town, pimp her  
Break a bitch and lie down in her  
Make a little church girl a sinner  
Dont worry im finna', put her in a skirt and send her to  
work  
Big pimpin' on the turf, she better use it til' it hurts  
Put the money in her bra and not her purse  
Bitch, make that cocky glass then panties always drop  
fast  
Dont ever stuff that ass, just hit me when you got my
