I need you by my side
I can't take anymore
That time i'ts for long
I can't wait to see you again

I have prowled a misty fate
I've climbed mountains higher than the sun
but now...

I get down on my knees and pray for love
Don't wait for me, I have to go
And i can't go on
Withour your soul

For the rest of my days, I will not lost
I'm not afraid, 'cause I'm the lord
Places never seen before
Mountains higher than the sun
But never... I prayed for love

I get down on my knees and pray for love
don't wait for me, I have to go
and I can't go on
whitout your soul
I pray for love... for love!
