I don't believe in miracles
But they're around me all the time
I don't believe in anything
That I can't see or touch but
I know that you were mine

And I don't understand
How I let you slip through my hands
Did I make everything nothing at all

So if I fall from heaven
Will I be forgiven
And learn from my mistakes
Cos when I walk in circles
I'm blind to the miracles
It's just a fall from grace

And all the chances that I had I blew 'em
While I was starting fires
You're walking through the flames
It's just a fall from grace

You don't believe there's truth in false confessions
So there's only me to blame
How can I expect your absolution
No solution to the stupid mess I've made
And I don't understand
How I let you slip through my hands
Did I make everything nothing at all

So if I fall from heaven

Will I be forgiven
And learn from my mistakes
Cos when I walk in circles
I'm blind to the miracles
It's just a fall from grace

I'm on my knees so help me girl
I'm so sorry that I lied to you again
This is tearing me apart
I need forgiveness

And all the chances that I had I blew 'em
While I was starting fires
You're walking through the flames

So if I fall from heaven
Will I be forgiven
And learn from my mistakes
Cos when I walk in circles
I'm blind to the miracles
It's just a fall from grace

So if I fall from heaven
Will I be forgiven
And learn from my mistakes
Cos when I walk in circles
I'm blind to the miracles
It's just a fall from grace

And all the chances that I had I blew 'em
While I was starting fires
You're walking through the flames
