I won't ever tell you lies, I won't ever say goodbye  
Cos'I still want you

I won't ever let you down, I won't ever hurt you baby  
Cos'I still need you

Set your signals for the sun  
We're gonna be forever young  
We're ride the stars to kingdom come  
We're gonna be forever young

Don't let them drag you down, alone in the big time  
baby

Would you still love me?

And you said "hey, just take that look right off your  
face"  
You said "hey, just come back to my place"

Set your signals for the sun  
We're gonna be forever young  
We're ride the stars to kingdom come  
We're gonna be forever young
