I have no control over these emotions
Yet the draw was too strong to fight
Like the moon against the tide

Every law of love is defined
We couldn't be more Black and White
Our love knows no compromise

We can let faith take the blame
For giving us a beautiful thing

We got a thing we can't explain
From Heaven to Hell and back again
Like a Las Vegas rain
We got a beautiful thing
We got flashes of perfection
Shining brighter than the heart of the Sun
It's kinda insane, it's a beautiful thing

It was just something that was meant to happen
When the hand of destiny decides
That these two Souls collide

We can let faith take the blame
For giving us a beautiful thing
We got a thing we can't explain
From Heaven to Hell and back again
Like a Las Vegas rain
We got a beautiful thing
We got flashes of perfection
Shining brighter than the heart of the Sun
It's kinda insane it's a beautiful thing

We have been cursed
By this blessing

We got a thing we can't explain
From Heaven to Hell and back again
Like a Las Vegas rain
We got a beautiful thing
We got flashes of perfection

Shining brighter than the heart of the Sun
It's kinda insane it's a beautiful thing
It's kinda insane it's a beautiful thing
It's kinda insane it's a beautiful thing
