Ever since I met you I could never tell you
I was lost like a ship in a storm
Had no place to call my own
Always alone
Then you finally found me
Wrapped your arms around me
My life will never be the same
Now I've got something to say
You're the one, You're the one

And it's never too late (no never)
No, But don't make me wait (not ever)
But if your sole intention is love
What you waiting for (don't go waiting why you waiting)
So much more to explore

Wish we were together
So sooner than later
but do I wanna be tied down
I must admit I have my doubts 'til I see you again
My heart's finally listening

You're what I've been missing
I'm putting all my trust in you
(yes I believe in you)
Anything you wanna do I'll be there I'll be there (for
you)

It's never too late (No never)
No ,But don't make me wait (not ever)
But if your sole intention is love
What you waiting foir (don't go waiting . why you
waiting)
So much more to explore

And it's never too late (no never)
No ,But don't make me wait (not ever)
But if your sole intention is love
What you waiting for (don't go waiting why you waiting)
So much more to explore
What you waitin what you waitin for
