We should be together  
But in this stormy weather  
I made you cry, yeah yeah  
So I find myself without you  
I was dumb enough to doubt you  
Don't ask me why , yeah

How long is it since I held you?  
I tell myself that I can't live a lie

yeah yeah yeah yeah yeah

I know I get by  
But how can my soul survive without you  
Straight to my heart  
Love's a bitter sting  
But I still miss everything about you  
Straight to my heart  
Now every tear you cry goes  
Straight to my heart.  
Straight to my heart.

And so another week has gone by  
My love life's still on standby  
Don't make me wait, no no no  
I'm wrong  
And now it's time I told you  
You're the one that I need in my life  
yeah yeah yeah yeah  
I know I get by  
But how can my soul survive without you  
Straight to my heart  
Love's a bitter sting  
But I still miss everything about you  
Straight to my heart  
Now every tear you cry goes  
Straight to my heart.  
Straight to my heart

I'm looking for forgiveness  
In my prayers tonight  
Without your absolution

There's just empty words fading with the light

I know I get by  
But how can my soul survive without you  
Straight to my heart  
Love's a bitter sting  
But I still miss everything about you  
Straight to my heart  
Now every tear you cry goes  
Straight to my heart.  
Straight to my heart.

Straight to your heart  
Straight to your heart now baby
