Running wild crazy and free  
Being anything I want to be  
Got no time for hanging around  
Ain't nobody gonna tie me down  
Spend my time doing what I please  
Take the world on, got 'em on their knees  
People think that I'm no good  
Won't do the things they think I should

Life's confusing me and messin' me around  
Don't know if I'm ever coming down  
Got to get your mind out of my head  
Leave me alone and live your life instead

Play my music way too loud  
My hair's too long, I don't fit in the crowd  
Leather jacket and denim jeans  
Metal studs run down the seams  
Times are hard but I don't care  
'Cause if I want it I'll take my share  
Talkin' life on a bit too steep  
Outta my way or I'll bury you deep

Gotta stop pushin' shovin' me around  
Gotta stop tryin' to put me down  
Got to get your mind out of my head  
Leave me alone and live your life instead

Lotta people got a lot to say  
But I'm doing things my own way  
'Cause I'm free as the wind

Maybe someday they will understand  
Just why I choose to be my own man  
It doesn't matter I ain't gonna change  
The master plan should be rearranged  
Breaking rules is what I do  
On the bad side it's a better view  
If it's too loud then you're too old  
Get the hell out 'cause you've been told

Gotta stop pushin' shovin' me around  
Gotta stop tryin' to put me down  
Got to get your mind out of my head  
Leave me alone and live your life instead

Lotta people got a lot to say  
But I'm doing things my own way  
'Cause I'm free as the wind
